## LIGHTLANGUAGE I II III

### CRYSTALS & COLOURS

Crystals of consciousness shape our thoughts and influence the flow of energy. Hues of colour filter certain frequencies.

Lightlanguage or Sacred Geometry is a form of telepathic communication with the universe and the world around us. It is based on combinations of perfect concepts of geometric shapes and colours sent out at a specific frequency at 5 times the speed of light.

By immersing ourselves in Lightlanguage we sharpen and expand our mind to a greater consciousness, where our intentions for the highest good of all are masterfully communicated and circumstance is created consciously.

Lightlanguage is hard to describe as it is not from this reality. Yet it is easily taught and learnt through the bio-energetic field, while the mind is relaxed, focused, and connected to the universal energy field.

## CONNECTING WITH ETs

*This Arcturian named  
Azura met with  
Ravenwood Morningstar,  
who then made this  
painting of her.  
Azura is holding  
Lightlanguage.*

*Love is limitless.  
Consciousness is limitless.*

### CONTACT

In the evenings we  
will sit in circle  
connecting to other  
cosmic beings with  
the very languages that  
they taught us -  
Lightlanguage and the  
language of the heart.

Two of the extraordinary  
abilities we humans have,  
are the gifts of range and love.  
Our consciousness can send and  
receive over vast distances. Our hearts  
have the ability to generate potent love vibrations.

A coherent group with pure intentions is a prerequisite  
for clear connections. Contact with ETs can be physical,  
in consciousness, or somewhere in between the realms.

‘In October of 2018 in the high desert of Southern  
California, my friend and I were setting up for the  
night to do contact work, when two space ships  
made of solid light landed zoom from us.’

## YOU AND KENYA

*'Beyond ideas of wrong and right there lies a field.*

*I'll meet you there.*

*When the Soul lies down in that grass,  
the world is too full to talk about.'*

### APPLICATION

We will spend 14 days away from the crazyness of the world. To answer any questions you may have and to ensure a successful, safe, and happy group experience I would like to get to know you a little. Please send me an email of interest and we will set up a meeting on zoom.

### KENYA ~

### THE PERFECT PLACE

Mysteries abound on the Swahili coast. There are stories of a regularly appearing light-being, several under-water space-stations in the ocean, and a galactic ley-line.

We will be staying on private property as guests to a lovely couple, both of them prana healers - right on the beautiful and quiet beach of the Indian Ocean in Kenya. The property was previously used as a resort and everyone will have their own en-suite cabin. This out of the way place with sand banks, palm trees, a swimming pool, and mangroves features dark skies, warm weather, unusual birds, a 360° sky, and thousands of stars. We will be eating delicious tropical fruit and dishes right under two Baobab trees. These trees are held sacred by the African people as they carry the true memories from a life that has seen hundreds of years of history.

### THIS COURSE IS MEANT FOR THOSE WITH

High integrity

An awareness of your consciousness  
(or a wish to become aware)

Spiritual fearlessness

A curious and open mind

The intention to go beyond  
right or wrong

A love for the truth

## TESTIMONIALS

“Oona is one of the most experienced people I know when it comes to working with consciousness and different modes of contact! Beautiful soul and compassionate teacher.”

Patricia Pearsall

“My consciousness expanded to a whole new level far beyond what I could imagine. And on top of that we had some sightings /contact.”

Susanne Haring

“A week with Oona is timeless as she gently challenges your level of awareness. This challenge is to bring your consciousness to a new and higher break through level. It is from this place that contact is made possible.

As Oona accompanied me into the night on our last evening of the workshop I had an experience of ET contact that will remain with me forever.

As two light forms appeared in the darkened forest of trees, they first brightened and then after 5 minutes instantly dematerialized. We both stood there in awe under the beauty of the starry night. It will take a while for me to integrate this experience but I know that it has changed my perspective of existence in this Universe forever.”
